

-Pick-up Trucks, Box Trucks and Mini-Vans – Transportation of volunteers and materials necessary to build houses at sites around Southern Beaufort and Jasper Counties is a must. If you have a lower mileage vehicle which is in good shape and you are aching to get that new replacement vehicle, why not consider donating your used vehicle to Hilton Head Regional Habitat! If the vehicle cannot be used in our operations, we can sell it through the ReStore, and the proceeds will be used to support the mission. In either case your gift may provide you with a tax-deduction. (Be sure to talk with your tax adviser as to a specific donation before making the gift.) Please call or email (info@habitatthi.org) the office if you might have such a vehicle and wish to donate it.
